

Science. Solutions. Success.

MeltDown™ is intended to enhance the biological degradation of crop residues.

Guaranteed Minimum Analysis

Total Nitrogen (N)	1%
Bacillus licheniformis	1x10 ⁷ CFU/mL
Bacillus subtilis	1 x10 ⁷ CFU/mL
Cellulomonas cellasea	1 x10 ⁴ CFU/mL
Rhodopseudomonas palustris	1 x10 ⁷ CFU/mL
Fulvic Acid	4.1%

General Information: MeltDown™ is a liquid formulation comprised of a team of naturally derived beneficial microorganisms isolated from soils without genetic modifications. Powered by BioLiNE® Gold's superior fulvic acids, MeltDown™ accelerates the natural process of breaking down and recycling nutrients from residues and stubble. The beneficial microbes in this product include several cellulose and lignin-degrading microbes that increase the release of nutrients and enhance water retention. This product is an essential tool for improving your soil health, helping to drive carbon cycling and to promote higher yields.

Mixing Instructions: For best results, shake well before use. If combining with other products avoid having them mixed together for extended periods of time. Some chemicals can be detrimental to the microbes. If mixing with other products, it is best to mix right before application. Always perform a jar test to ensure compatibility.

Direction of Use:

Apply 2.4 L/Ha (1 L/acre) of MeltDown™ for all field crops including: corn, soybeans, wheat, barley, oats, alfalfa, canola, potato, sugar beets, sorghum and all other field crops.

MeltDown™ can be applied pre-planting in the fall or spring to soil surface by broadcast.

Storage & Handling: Please store at room temperature or below. Keep product out of direct sunlight. **DO NOT FREEZE.**

CAUTION:

KEEP OUT OF REACH OF CHILDREN.

This product contains live microorganisms that may be harmful if swallowed. Avoid inhalation, ingestion, and contact with skin and eye. Wear protective gloves/protective clothing, eyes and face protection.

IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/ attention.

IF IN EYES: Rinse cautiously with water for several minutes. If eye irritation persists: Get medical advice/ attention.

IF SWALLOWED: Rinse mouth. Call a poison control centre or doctor if you feel unwell.

Warranty & Conditions of Sale: Seller warrants only that this product consists of the ingredients specified, and makes no guarantees or warranties, expressed or implied with respect to its use. Purchaser assume all risk of use, storage & handling of the product in compliance with applicable laws and regulations. CanGrow shall not be held liable for any damage resulting from the use, handling or contact with the above product.

Manufactured By: CanGrow Crop Solutions
3971 Old Walnut Rd.,
