

## CanGrow RePlenish™ is intended to enhance the biological degradation of crop residues.

### Guaranteed Minimum Analysis

Bacillus licheniformis	1 x10 <sup>7</sup> CFU/mL
Bacillus subtilis	1 x10 <sup>7</sup> CFU/mL
Cellulomonas cellasea	1 x10 <sup>4</sup> CFU/mL
Rhodopseudomonas palustris	1 x10 <sup>7</sup> CFU/mL

**General Information:** Reclaim the health of your soil with CanGrow RePlenish™. CanGrow RePlenish™ is a liquid formulation comprised of a consortium of naturally derived beneficial microorganisms isolated from soils without genetic modifications. Use this product to enhance the degradation of cellulose and lignin, and replenish your soil for the next season. The beneficial microbes in this product include several cellulose and lignin-degrading microbes that increase the release of organic matter and enhance water retention. This product is an essential tool for improving your soil health, helping to drive carbon cycling and to promote higher yields.

**Manufactured By: CanGrow Crop Solutions**  
3971 Old Walnut Rd.,  
Alvinston, ON, N0N 1A0  
519-847-5748, [www.cangrow.com](http://www.cangrow.com)

**Mixing Instructions:** For best results, shake well before use. If combining with other products avoid having them mixed together for extended periods of time. Some chemicals can be detrimental to the microbes. If mixing with other products, it is best to mix right before application. Always perform a jar test to ensure compatibility.

### Direction of Use:

Apply 1.2 - 1.85 L/Ha (500 - 750 mL/acre) of CanGrow RePlenish™ for all field crops including: corn, soybeans, wheat, barley, oats, alfalfa, canola, potato, sugar beets, sorghum and all other field crops.

CanGrow RePlenish™ can be applied pre-planting in the fall or spring to soil surface by broadcast.

**Storage & Handling:** Please store at room temperature or below. Keep product out of direct sunlight. **DO NOT FREEZE.**

**Net Weight:**  
Volume: 10.0 L  
Weight: 10.0 kg  
Density: 1.01 kg/L

### CAUTION:

#### KEEP OUT OF REACH OF CHILDREN.

This product contains live microorganisms that may be harmful if swallowed. Avoid inhalation, ingestion, and contact with skin and eye. Wear protective gloves/protective clothing, eyes and face protection.

**IF INHALED:** Remove person to fresh air and keep at rest in a position comfortable for breathing.
